MAKING A DIFFERENCE,

DOOKY & ALPE D'HUZES

Every year, team Dooky participates in the Alpe d'HuZes, where we conduct research into new and better cancer treatments. Giving up is not an option for us either!

AMSTERDAM CITYSWIM

We don't mind swimming in the Amsterdam canals either. Dooky has been committed to the fight against the muscular disease ALS for years. As participants of the Amsterdam City Swim, we secure money for research and a better quality of life for patients and their loved ones. The counter for the 2025 swim is already almost touching 1.7 million euros! #swimmeeforALS

TOGETHER...

TURTLE CONSERVATION PROJECT BORNEO

We also look beyond our national borders and express our concern for our planet and its flora and fauna up to a project in Borneo!

For the project on Borneo, Andy and Ronald from Dooky single-handedly moved the newly laid turtle eggs at night to a 'nursery' (hatchery). This way, many more eggs hatch than the natural way, and the baby turtles can be released 'safely' into the sea.

Of course we have also adopted a nest and we have released young newborn baby turtles into the sea ourselves. What an experience and what a project!

DOOKY SPONSORS SERIEUS LANGEDIJK

Serious Langedijk is a charity organization where 3 friends lock themselves in a café/radio studio to make non-stop radio for 5 days and raise money for a good cause in the municipality of Dijk en Waard. Through request numbers and actions devised in the municipality, a wonderful amount is raised every year to support local charities.
