Happy child, happy parent
Dutch children are considered the happiest in the world. Is that because of the use of Dooky's products? Obviously, we love to believe it is. A little bit of history first. Dooky was founded in 1997 in the Dutch village of Broek op Langedijk (close to Amsterdam). The main goal, from the start on, has al-ways been to supply parents with accessories for their babies and kids that are 100% safe, super convenient and above all a joy for the eyes.

More quality time with your child
Having children ourselves, we know what is most valuable in life: spending time with our kids. That is why we decided to take relieving busy parents to the next level with our products. The less time you spend on daily business, the more time you can spend with your baby or child. Saving time for as many parents as possible was our main focus. By opting for an accessible pricing level we hope that as many parents as possible can make use of the benefits of our products. A unique proposition that has been a great success right from the start.

From one single "Dooky" to hundreds of products
Let's go back to our first product. It all started with a "Dooky" ("cloth" in Dutch) that could be attached to a buggy or car seat with 5 rings as a cover to provide children with shade and tranquility. A genius invention so it seemed: this "Dooky" has been an ongoing bestseller for many years. Every day, new "dookies" find a happy owner. The "Dooky" has almost reached the collector's item status! After the "Dooky", hundreds of other products have been added to our range, all executed according to the above Dooky philosophy.

Award winning products
Nowadays, we have won several awards with our Dooky products. One of the awards we are most proud of is the international Kind + Jugend Innovation Award. This prestigious design award is given to a baby product that scores the best in terms of design, safety, userfriendliness, craftsmanship and in-novation. Another prize we won is the 'Baby Product of the Year'-award in the Netherlands.

Innovation, convenience, safety, style, design and control are key to succes
Dooky works according to the principles: innovation, convenience, safety, style, design and control. With these pillars in mind, we daily work with a permanent team to design articles that are not only useful but also look good. By inventing everything ourselves, from design to packaging and ma-terial, we keep it affordable and we can guarantee the best quality. Next to that all our products meet the highest safety standards.

Corporate Social Responsibilty: Business Social Compliance Initiative
We are closely involved in the entire production process and continuously audit the affairs of suppliers and producers. The factories we work with are part of the Business Social Compliance Initiative (BSCI). By working in this way, we are committed to improve the conditions for everyone we work with. In this way, we hope to be able to make a difference in the field of corporate social responsibility throughout the whole product chain.

Headband Earprotection

Gentle protection for little ears. Everyday sounds are everywhere, but for babies, they can quickly become overwhelming. The Dooky Headband Baby Ear Protection offers a soft, safe, and comfortable way to give your little one peace and quiet wherever you go. Lightweight, adjustable, and ultra-soft — specially designed for the tiniest ears.

Dooky's patented design features soft integrated silicone earcups with high-density foam, gently reducing everyday noises without any hard plastic parts. Perfect for family outings, parties, or quiet time at home when your baby needs a bit less stimulation.

Made with Oeko-Tex® certified cotton, the headband is breathable, stretchy, and sweat-free. The ultra-thin sides (only 20 mm) allow your baby to move their head freely. With the soft Velcro closure, it's easy to adjust for a perfect and comfortable fit. Preventing pressure on the fontanel.

Weighing just 37 grams, it's the lightest baby ear protection of its kind. Washable, stylish, and fits easily in your pocket.

The Dooky Headband Baby Ear Protection combines innovative design with ultimate comfort – created especially for the littlest ones. Available in two sizes: 0-6 months and 6-12 months.

Supplied in display

- Patented design especially for babies 0-6 months
- Protects sensitive little ears against loud noises
- Soft, adjustable headband with integrated ear protection
- Oeko-Tex® certified cotton: washable, breathable and prevents sweating
- Ultra-thin sides (20 mm) allow free head movement
- Lightweight design of only 37 grams — the lightest hearing protection of its kind
- Tested according to NEN - EN ISO4869-1:2018
- Measured noise reduction at 4000/8000 Hz: 12dB

Technical Data:
Measured noise reduction at 4000/8000 Hz: 12dB

Tested according to:
NEN - EN ISO4869-1:2018
CPSIA HR 4040
EN 71-1:2014+A1:2018
EN 71-2:2020+A1:2025
EN 71-3:2019+A2:2024

Conclusion:
12 dB reduction sounds about half as loud Provides moderate noise reduction, especially effective against higher-frequency sounds (such as voices, traffic, sharp noises) Designed for comfort ratherthan heavy industrial protection.
Ideal for: Everyday noise comfort Travel and commuting Reducing sharp environmental sounds Situations where you want to lower noise, but still stay aware of your surroundings.

Noise reduction: 12dB (4k/8k Hz)
Compared to other ratings:
- 6–7 dB = light reduction
- 12 dB = moderate reduction
- 20–30 dB = strong / heavy-duty protection

So 12 dB is a noticeable and comfortable level of protection.

Earprotection 2-in-1 Baby & Junior

3001201

- With fixed and elastic headband for perfect fit for 0-12 years
- Comfortable and lightweight.
- Fits perfectly thanks to the adjustable headband.
- Anti-slip headband: Stays firmly in place.
- Excellent noise reduction: Reduces noise by 25 dB.
- Award winning design

Prevent OVERHEATING

More and more awareness is created about overheating. And that is good news. But how do you explain your customers and consumers why Dooky is safe and other 'solutions' probably not?

Situations creating overheating

Research has shown that it can become dangerously hot in a pram or stroller when it is covered with a (thick) blanket Some brands have hoods which cover most of the baby. They do protect against the sun. However, as these hoods are synthetic and not breathable, they create a very hot environment. And many consumers still have the old habit of covering their baby with a muslin. Allthough muslin cotton seems more breathable than thick blankets, they do not prevent overheating and offer no protection against UV radiation which may cause babies to suffer from sunburns.

The solution

The registered design of Dooky is the answer. It creates a peaceful environment for a baby. It can be rolled up and down so when the baby is asleep it is darker. When rolled up slightly, extra ventilation can be created, and parents can keep eyecontact with their baby. When rolled up when the baby is awake, it keeps direct sunlight out of the baby's face.

Another advantage: sun protection

In addition to the above solution, Dooky can also be used as sun protection.

The big advantages compared to traditional parasols:

- No need to adjust the parasol when you change walking direction: Dooky always blocks direct sunlight.
- Dooky is not affected by winds. On windy days, umbrellas are a nightmare to use.
- Dooky has an UV Protection Factor (UPF) of 40+, which is rated as Excellent UV Protection.
- Dooky creates a dark impulse free environment.

With the Original Dooky you can easily create a quiet and peaceful environment for your child without being bothered by light, wind, sun, noise, light rain and oter surrounding influences. The Dooky is universal and easily fits in seconds to any **infant carrier, stroller and pushchair.**

Because of its unique and registered design, the Dooky is easily adjustable in height. Simply roll your Dooky up and down using the Velcro strips, keeping the sunlight away from your child's face. When your child is asleep, simply roll it all the way down to create a dark and quiet environment. With the additional strings on the bottom you can easily fasten the Dooky, ensuring it is not affected by strong winds.

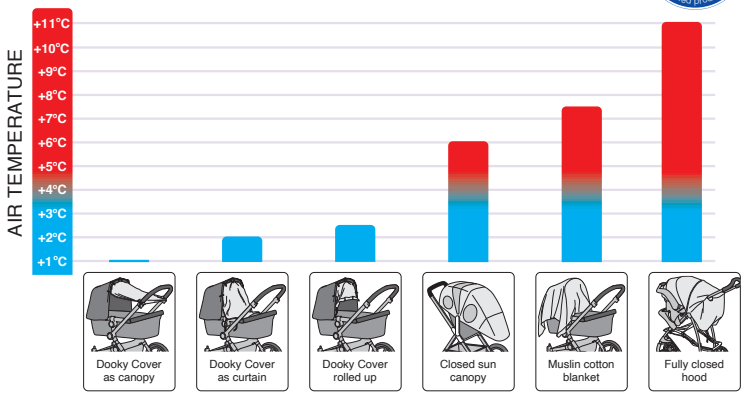

- **Universal: fits in seconds easily to any infant carrier, stroller and pushchair**
- **Easy adjustable in height, simply roll your Dooky up and down**
- **Protects your child against sun, wind, light, cold, noise, light rain**
- **100% breathable cotton creates sufficient ventilation**

Dooky is hand washable and has an excellent UV-protection factor of UPF50+, which will block over 95% of harmful UVA and UVB rays

Test performed by TÜV Nederland.
Commisioned by Stichting Veilig Kind.

STICHTING VEILIG KIND

TÜV NEDERLAND 2400-B-378 Tested product

Measured temperature shows the maximum increase of the air temperature when using various methods commonly used to protect a baby against the sun.

Without any sun protection, tests show the object measures an increase in temperature by 8 degrees.

+8°C

SIGNIFICANCE OF THE TEST:

- Muslin/ hydrophilic cotton blankets offer no UV protection
- So called sun canopies show increase of temperature
- Dooky Cover is a reliable solution to the above

Visit www.stichtingveiligkind.nl for more information and full TÜV test report.
